PROFESSIONAL SUMMARY

Graduate Cybersecurity major from Purdue University with hands on experience in IT support, hardware and software troubleshooting, networking, and virtualization. Builds practical infrastructure skills through a personal HomeLab using MikroTik, UniFi, Proxmox, Windows, and Linux. Seeking IT Support, Desktop Support, IT Service Desk, Network Support, or Infrastructure Support roles, with interests in Junior Cybersecurity, Security Operations (SOC), and Data Center Operations.

TECHNICAL SKILLS

Support: IT Support & Troubleshooting, User Support, Hardware & Software Troubleshooting, Cabling

Operating Systems: Windows, Linux, Kali, Ubuntu

Networking: TCP/IP, DNS, DHCP, VLANs, IP Addressing, Network Troubleshooting, MikroTik, UniFi

Virtualization & Security: Proxmox, Virtualization, Network Segmentation, Firewall Configuration, VPN, WireGuard

Professional Skills: Problem Solving, Communication

WORK EXPERIENCE

IT Administration Trainee

Abu Dhabi Municipality | 2021

- Provided remote and in-person IT support to users.
- Diagnosed and resolved hardware and software issues.
- Troubleshoot IP configuration and network connectivity issues.
- Installed and configured computer hardware and software.

PROJECTS

Personal HomeLab

- Built and configured a HomeLab using MikroTik, UniFi, and Proxmox.
- Configured VLANs and network segmentation.
- Deployed Windows and Linux virtual machines, including Kali and Ubuntu.
- Configured IP addressing, firewall rules, and system services.
- Set up secure remote access using WireGuard VPN.
